

DIGITAL V-RAD

Digital display

Electric Powered
Up to 3,000 Nm

- Digital display
- Individually calibrated and traceable
- Advanced PATENTED gearbox design

New World Technologies Inc. is a leading Canadian manufacturer of pneumatic, battery powered, and electronic pistol grip torque wrenches. Our advanced products have proven to be successful all over the world in such industries as oil and gas, petrochemical, mining, aerospace, and manufacturing. We continue to invest in and employ the latest technology to achieve the highest level of innovation, quality, and performance - which has resulted in multiple patents for our products. New World Technologies Inc. has designed its operations for maximum flexibility and responsiveness ensuring our customers receive outstanding service.

MAKING OTHER TORQUE SYSTEMS OBSOLETE

Why the E-RAD torque system is preferred

- Data collection
- Field calibration
- Torque and angle
- Accuracy of +/-3%
- Easily selectable preset applications and torque values
- Most affordable electronic torque system on the market

LIGHTER

With unsurpassed power-to-weight ratio and the convenience of a lightweight ultra-durable portable carrying case, the E-RAD torque system eliminates the need to move heavy hydraulic pumps reducing operator fatigue.

FASTER

Compared to hydraulic wrenches, the E-RAD electronic torque system decreased tightening times by up to 300% through the delivery of smooth continuous torque.

QUIETER

The E-RAD electronic torque system operates at 75db reducing the noise level considerably from hydraulic wrenches.

PART NUMBER	TOOL MODEL	DRIVE SIZE	TORQUE (Nm)		WEIGHT (Kg)	DIMENSION A	DIMENSION B	DIMENSION C	DIMENSION D
			LOW	HIGH					
14993	E-RAD 950	0.75"	135	950	5.4	298mm	60mm	63mm	241mm
